

Attention: Workplace Supervisor

Senior high school students attend a business for a week to gain practical experience, skills and knowledge about the industry.

They learn to communicate with the staff and supervisors. Employers offer students a range of industry activities that suit their resources and their business.

Benefits for Business

You can:

- Raise your profile within the community
- Access potential part-time & full-time employees
- Develop training programs and supervisory skills
- Participate in special events and receive media coverage

• • • Below are tasks that your workplacement student may be able to do in the workplace. They are designed to assist you with planning your student's workplace learning.

- ◆ Use hand tools to assist in a job.
- ◆ Measure a job with graduated devices and perform basic calculations based on this.
- ◆ Student's can:
 - × Perform manual production assembly.
 - × Perform sheet and metal plate assembly.
 - × Do basic soldering.
 - × Operate general machinery.
 - × Perform manual and mechanical cutting.
 - × Perform manual heating, thermal cutting and arc welding.
 - × Perform electronic and electrical assembly.
- ◆ Observe a job from start to finish and document the processes involved.
- ◆ Create an inventory of tools used, detailing which employee positions use each. Where possible create a data base of tools and their use.
- ◆ Stocktake the material used in the business.
- ◆ Produce a technical drawing, 3D / 2D drawing or model using CAD. Provide electronic / electrical detail and a sketch of the same.
- ◆ Collect safe operation data for a machine. This will be comparatively analysed at school.
- ◆ Familiarise yourself with the designs and products currently done by the company.
- ◆ Perform basic calculations necessary to complete a job.
- ◆ Operate basic machinery to complete tasks.
- ◆ Design and build own project, eg. Toolbox or sign.
